CareerConnect – Job Portal

A role-based job portal where employees can apply for jobs and employers can post and manage job listings.

🗁 Folder Structure

```
Frontend/        # React frontend
backend/         # Express backend
```

Features

Employee

- View job listings
- View Job details
- Apply to jobs
- Bookmark jobs
- Track application statuses

Employer

- Dashboard
- Post jobs
- View received applications
- Update application status (Viewed, Interviewed, Selected, Rejected)
- Deleted Posted Jobs

You can register both Employer and Employee with Email and Password
